

Borough of Garwood

SMALL BUSINESS ASSOCIATION

The Borough of Garwood's Small Business Association (GSBA), originally created in 2021 as an advisory board, is tasked with fostering a healthy and vibrant business community by ensuring that small businesses, especially those with fewer than 35 employees, have access to the tools and resources they need to succeed along with a dedicated channel of communication with the Borough. The GSBA Executive Board is comprised of elected leaders and professional staff of the Borough, partnered with volunteer business owners from across sectors and industries.

The GSBA provides a source of direct business support by creating Borough-wide strategies to promote the interests of services of Garwood's small businesses, and also provides programmatic support such as consulting and referrals, to help small businesses remain competitive and grow.
